La Administración y el Comité editorial de
Journal of Microbiology & Health Education
sentimos la dolorosa pérdida de nuestra amiga, Fundadora y
Editora en jefe (2008-2023)

*Dra. Elvira Daniela
Jacobi Salazar*
(1955-2023)

A su esposo Dr. Damián, sus hijos Daniela y Joaquín,

*Los acompañamos
en su dolor*

Que encuentren consuelo en su pena y el coraje para enfrentar
los días por venir.

QEPD

The Journal of Microbiology & Health Education (JM&HE) is an international journal, intended for the publication of original scientific articles, clinical case, short paper, research note, case report and review.

JM&HE is an independent, on-line publication with an national and international editorial board. JM&HE is open access with no cost to view or download articles and reasonable cost for publication of research articles, making JM&HE easily available to scientists from resource restricted regions.

The Journal is intended to publish original contributions covering different aspects of:

- Microbiology; basic, clinical (bacteriology, parasitology, mycology and virology), industrial (biotechnology), environmental, food, sanitary and agricultural
- Food safety and food toxicology, science and technology
- Education for health; safety, infection prevention, therapy and pharmacotherapeutic monitoring of infections, epidemiology of infections, health education (personal hygiene and health care), healthy eating, drug use and prevention of multi-drug microbial resistance, risk analysis and risk factors that favor the infection.
- Legal aspects of health education, health economics and health administration.
- The sciences of education and teaching (neurolearning, chronobiology, pedagogy, among others) that seek to describe, understand and prescribe educational policies and practices of the health sciences.

Sometimes submitted manuscripts need Editorial improvements that require consultation between the authors and the editorial board. JM&HE has a specialized editorial staff, the Area Coeditors Committee, to work with authors from developing countries to generate an article that meets international publication standards. This may include editing for English, reorganization of the manuscript, or even suggestions on experimental design. Working in an interactive manner, the Area Coeditors Committee and the authors, will be able to achieve not only a manuscript at international standards but also the exchange of ideas and methods for publishing in other international journals.

AREA COEDITORS:

• ***National associate editors:***

Dr. Joaquin L. Urquidez Galicia – Cinvestav. México

Microbiology and clinical toxicology área

Dr. Daniel Rojas Castro – Universidad de Colima, México

Immunology and medical área

Dra. Claudia Luz Navarro Villarruel – Universidad de Guadalajara, México

Education and learning sciences área

Dra. Martha María Arévalo Sánchez – Universidad Autónoma de Chihuahua, México

Biotechnology and food sciences área

• ***International associate editors:***

Dra. Myriam Vilegas Berzunza – Universidade Estadual Paulista, Brasil

Epidemiology area

Dra. Herminia Gutiérrez Rojas – Universidad de Granada, España

Pharmacology área

Yu George Ph.D. – University of Texas at Austin, EEUU

Health Education area

GUEST CO-EDITORS / REVIEWERS FOR THIS ISSUE:

Dr. José Agustín Navarro Gómez, Universidad de Colima, México

Dr. Eduardo Picand Torrijo, Universidad de las Palmas de Gran Canaria, España

Dr. Ernesto Lagos Llamas, Universidad Autónoma de Sinaloa, México

Dra. Rosa María Martínez López, Universidad Autónoma de Querétaro, México

Phyllis N. Della, Ph.D., Haverford College, Pennsylvania, EEUU

Dra. Francisca González Gil, Universidad de Salamanca, España

Dr. Oscar Silva Marrufo, Universidad Tecnológica de Rodeo, Durango, México

Dra. Eladia Marcano de Blanco, Caracas, Venezuela.

Dr. Jaime Padilla, Universidad Politécnica Salesiana, Ecuador

Dra. Mónica Herrero Vázquez, Universidad de Oviedo, España

Dra. Danny Francis Gómez Romero, University Johnson & Wales, Venezuela

Dr. Iván Gómez Samudio, Fundación Social, Educativa y Cultural del Claustro Gómez, Panamá

Dr. Franklin Jesús Pacheco Coello, Universidad de Carabobo, Venezuela

Dr. Diego Paul Moreno Parra Ceo, Asuntos Regulatorios, Ecuador

Dra. Elvia Cecilia Freire Cedillo, Universidad Central del Ecuador, Ecuador

Editorial

The editorial team of *J. Microbiol. & Health Educ.* Vol. 5 (num. 2): 2023, wants to express its gratitude to the CONACYT Scientific and Technological Research Fund for the support granted.

We welcome new members of the Editorial Committee and invited reviewers.

We thank readers for their interest in our magazine. We have observed a significant increase in the number of referrals and potential evaluators. Our index and databases that index our articles have also been increased, such as Google scholar, Google Books, DOAJ-Directory of Open Access Journals and ROAD-Directory of Open Access scholarly Resources.

We would like you to consider asking your universities or research centers to include the link to the open access journal JM&HE so that you are constantly updated on the topics that interest you.

For the access and guarantee to health education that our developing nations require, JM&HE continues to spread the science and technology of our researchers.

Elvira D. Jacobi Salazar, Ph.D.

journalmhe@gmail.com

MAKE A SUBMISSION

- Author Guidelines-

• Focus and scope

JM&HE publishes national and international scientific contributions, in english and spanish, with the understanding that all submitted manuscript is original and unpublished. The evaluation of the scientific content and quality of the received manuscripts is under a double-blind strategy by at least two specialized referees, who can be from the journal's internal group, or external. The reviewing process is under complete anonymity.

The final editorial decision is made based on the recommendations of the peer reviewers, provided these recommendations are in accord without any strong dissenting opinions. Where there are dissenting or opposing views, the paper is assessed by a third reviewer who may or may not be a member of the journal's Editorial Board. Once all reviews have been received and considered by the editors, a final decision is made and a letter drafted to the corresponding author. Possible final decisions include:

- Acceptance without revision
- Acceptance subject to minor revision
- Resubmission for review after major revision
- Declined

Where there are issues with the standard of presentation or clarity of language, the authors will be informed accordingly and provided with suggestions or assistance for rectification.

The manuscripts or contributions are the product of original research or bibliographic reviews in the different areas of;

- Microbiology; basic, clinical (bacteriology, parasitology, mycology and virology), industrial (biotechnology), environmental, food, sanitary and agricultural
- Food safety and food toxicology, science and technology
- Education for health; safety, infection prevention, therapy and pharmacotherapeutic monitoring of infections, epidemiology of infections, health education (personal hygiene and health care), healthy eating, drug use and prevention of multi-drug microbial resistance, risk analysis and risk factors that favor the infection.
- Legal aspects of health education, health economics and health administration.
- The sciences of education and teaching (neurolearning, chronobiology, pedagogy, among others) that seek to describe, understand and prescribe educational policies and practices of the health sciences.

JM&HE do NOT biographies.

JM&HE's objective is to create a space for discussion and divulgation of results and advances of high-level original research. Consequently, the journal focuses on researchers or academics of each of the above-mentioned areas.

- Author Guidelines-

- **Cover letter**

All manuscripts submitted to JM&HE must be accompanied by a letter stating that this manuscript is original, unpublished, not in press or posted elsewhere in English or any other language, and is not currently available. you are considering posting elsewhere.

Authors should suggest three potential unbiased reviewers (with email addresses) who are qualified to review their manuscript.

The submitted cover letter must declare that all authors have seen and approved the content of the manuscript and have contributed significantly to the work.

- **Type of articles**

Original Articles: An original article should be at least 2100 words long excluding references and title page.

Brief original articles (Short paper): The text for Brief Articles should not exceed a total of 2100 words, including an abstract (see below), references (not to exceed 30), figures (not more than 3), and tables (not to exceed 3). Subdivisions of sections are encouraged to help orient the reader.

Case reports: These should describe case diagnosis and investigations or treatments which are of exceptional interest, highlighting novel and important findings.

Dissertation: The text for letters the editor should not exceed a total 1,200 words. References (not to exceed 15), figures (not more than 2) and tables (not to exceed 2). Subdivisions of sections are encouraged to help orient the reader but should be general, such as “The Study” and “Conclusions”. Letters to the editor are generally updates on recent infectious disease trends and research, but may also respond to recent articles published in JM&HE.

- **Submission of Manuscripts**

Submission to the JM&HE is free and open to everyone. The Corresponding Author should **register** on this site, and **enroll as Author**, before you can be author of a submission. Manuscripts and all the necessary additional files are submitted on the site, using the new submission wizard. *IMPORTANT: Please note that the JM&HE cannot be held responsible for emails from the editors or proofreaders that are not received by authors due to errors in spam filters on public email servers such as Yahoo, Hotmail or Gmail, or your company / institutional policies. Please add journalmhe@gmail.com to your email service’s trusted email list and/or make sure to frequently check online for changes in your manuscript’s status.

- Author Guidelines-

- **Publication Fees**

The JM&HE charges an **Article Processing Charge** of U.S. \$100 (incl. VAT) for accepted articles, to cover copyediting and production costs. You are kindly invited to contact the Billing Department at journalmhe@gmail.com for details.

Since we don't want to make the payment capability to be a barrier, if you or your institution is unable to cover the costs, you may apply for a waiver by sending a detailed letter to journalmhe@gmail.com, explaining the reasons of your request at the time of submission. Waive requests after the review has been initiated can not be considered.

- **Copyright Notice**

Authors who publish with this journal agree to the following terms:

Authors retain copyright and grant the journal right of first publication with the work simultaneously licensed under a Creative Commons Attribution License that allows others to share the work with an acknowledgement of the work's authorship and initial publication in this journal.

Authors are able to enter into separate, additional contractual arrangements for the non-exclusive distribution of the journal's published version of the work (e.g., post it to an institutional repository or publish it in a book), with an acknowledgement of its initial publication in this journal.

Authors are permitted and encouraged to post their work online (e.g., in institutional repositories or on their website) prior to and during the submission process, as it can lead to productive exchanges, as well as earlier and greater citation of published work.

- **Privacy Statement**

The names and email addresses entered in this journal site will be used exclusively for the stated purposes of this journal and will not be made available for any other purpose or to any other party.

The **Mexican Academy of Health Education A.C. (AMESalud)** is a civil association made up of professionals and students from health disciplines. Hosts the JM&HE-Journal of Microbiology & Health Education as a strategy for academic dissemination and scientific research.

Mission: Bring together specialists in health education and students to strengthen this area, through socializing the relevance of this science in the well-being of the population, contributing as a consultative body in different social, professional, and governmental spheres, becoming a pillar of support for the professional performance of its members.

Vision: Become a professional association, with a national character and international recognition that collaborates with society at the different governmental, municipal, state and national levels, on issues related to health science.

Objectives:

- Promote health education and disseminate knowledge and its application through dissemination publications and conferences.
- Stimulate and maintain interest in basic and applied research in related health sciences in Mexico.
- Promote communication and cooperation of professionals and intellectuals immersed in the study, research and development of health education sciences.
- Contribute to the teaching of health sciences in the Mexican Republic, both at the basic levels, as well as in higher and higher education.
- Participate with proposals and join commissions with the three levels of government, in the diffusion and regulation of health, education for health and public health.
- Manage subsidies from the Federal Government, states and municipalities, to cover partially or totally the expenses that the works demand for the achievement of the objectives of the Association.
- Promote the linking of researchers with the Social and Industrial Sector through stays or student or professional internships, as well as in higher education institutions and research and development centers.
- Promote the participation of researchers in applied research projects that contribute to the resolution of the national public health problem.

Membership: Our commitment is to keep professionals and students in training updated in this constantly evolving area. If you are interested in being part of our community and accessing exclusive benefits, the first step is to obtain your membership. Join us and stay up to date with advances in health education.
